Steve Steele called the meeting to order at 5 P.M. on April 1, 2004.

Chuck Boyett distributed the minutes from the meeting of March 4, 2004. A motion was made and seconded to approve the minutes.

Mr. Boyett suggested the committee begin to focus on preparing a draft stormwater ordinance which must be in place by December 31, 2004. The committee agreed to concentrate the initial efforts on the dry detention basin policy which is a required element of the overall stormwater management ordinance. The committee will prepare comments on the draft policy as prepared by the Tennessee MS4 Working Group and present their comments at the May 6, 2004 committee meeting.

An update on the Stormwater Labeling Project proposed by Eagle Scout Niles Pistole was given by Mr. Boyett. This project should begin sometime in May. The labels for this project have been ordered by the MTSU Center for Environmental Education at no cost to Mr. Pistole or the Town of Smyrna.

*The next meeting of the Town of Smyrna Stormwater Advisory Committee will be at 5:00 P.M. on Thursday, May 6, 2004 in the Codes Department Conference Room.*

There being no other business, the meeting was adjourned at 5:30 P.M.
