Steve Steele called the meeting to order at 5 P.M. on June 4, 2004.

Chuck Boyett distributed the minutes from the meeting of May 6, 2004. A motion was made and seconded to approve the minutes.

The committee members observed a moment of silence in memory of Alan Trumbo. Mr. Trumbo was a member of the Stormwater Advisory Committee and recently passed away. A request was made to Councilman Paul Johns to recognize Mr. Trumbo's contribution to the Stormwater Committee and Town of Smyrna at the next meeting of the Town Council.

The committee reviewed the draft Water Quality Buffer Zone Policy as prepared by the Tennessee MS4 Working Group sub-committee. It was agreed that these requirements are comprehensive and sufficient to meet the intent of the Phase II MS4 Regulations. It was agreed by the committee to continue the review of these guidelines for the July meeting to allow all members additional time to review.

The committee then agreed that the July meeting would continue to focus on the draft Buffer Zone Policy as developed by the Tennessee MS4 Work Group sub-committee.

Chuck Boyett presented a survey compiled by MTAS on the activities and efforts of other municipalities with regard to funding for the Phase II MS4 Stormwater Programs. A copy of this survey is included in the Stormwater Advisory Committee minutes for this meeting.

An update on the Stormwater Labeling Project proposed by Eagle Scout Niles Pistole was given by Mr. Boyett. The 500 labels for this project have been received by the MTSU Center for Environmental Education and donated to Mr. Pistole and the Town of Smyrna. Mr. Boyett met with Mr. Pistole and his son to go over the project on Saturday, 5/8/04 and the labeling effort should begin in the near future.

The next meeting of the Town of Smyrna Stormwater Advisory Committee will be at 5:00 P.M. on Thursday, July 1, 2004 in the Codes Department Conference Room.

There being no other business, the meeting was adjourned at 5:30 P.M.
