

Smyrna Codes Department

Fire Safety Inspection Division

Blasting Permit Application

Permit is issued per 2012 International Fire Prevention Code an adopted ordinance of the Town of Smyrna and is required for all blasting within the corporate limits of the Town of Smyrna. **All information below must be provided for this permit to be valid.** Permit in no way supersedes, negates, or affects the State of Tennessee Fire Marshall's office blasting standards (T.C.A. 68-105). Any violations will be reported to the Tennessee State Fire Marshall's office. A copy of the issued permit is to be on the job site whenever blasting is in progress.
