The liability limits of such policy shall be no less than $1,000,000 per occurrence and $2,000,000 aggregate of single-limit general liability and automobile liability insurance covering both bodily injury and property damage may be required for issuance of a parade permit.

(B) At the time of the application for a parade permit for a recreational use, satisfactory proof that the insurance required by subsection has been obtained shall be presented to the Manager of Safety and Risk Management for the town.

(ii) Issuance by Chief of Police. Within 48 hours of receipt of a parade application, weekends excluded, the Chief of Police, or his or her designee, shall either grant or deny such permit and immediately transmit his decision to the Town Clerk. The Town Clerk shall immediately issue a permit or notify the applicant of denial.

The Chief of Police or Town Manager are empowered to revoke any parade permit issued pursuant to this section and order the parade cease if it is determined a significant number of the participants therein are engaged in any of the following behavior and the arrest or removal of individual participants engaging in such conduct will not restore order to the parade:

(B) Failing to remain within the designated parade route;
(C) Engaging in violent, harassing, intimidating or threatening behavior toward any individual;

From this deposit shall be deducted the expense to the town of relaying the surface of the ground or pavement, and of making the refill if this is done by the town or at its expense. The balance shall be returned to the applicant without interest after the tunnel or excavation is completely refilled and the surface or pavement is restored.

(2) If within the specified time the conditions of the above notice have not been complied with, the work shall be done by the town, an accurate account of the expense involved shall be kept, and the total cost shall be charged to the person, firm, corporation, association, or others who made the excavation, bore, or tunnel.
