### Monitoring Services Instructions

As a condition of your bond, you have been ordered by the Judge to participate in Remote Alcohol Testing or Electronic GPS Monitoring and must have a device installed prior to your court date.

If the Judge orders you to be placed on remote alcohol monitoring, the cost is \$10 per day. You must have your first week's payment plus a \$50 installation fee (\$120.00) at the time of installation. This device will take a breath test from you at random and/or scheduled times. While on this device **you are to refrain from alcohol use of any kind.**

If the Judge orders you be placed on Electronic GPS Monitoring, it is a non-removable ankle bracelet that you will be required to wear 24 hours per day, 7 days a week. The Judge will issue instructions as to when you are able to leave your residence. Your location will be actively monitored by this device and reported to your supervising officer. The cost is \$12.00 per day. You must have your first week's payment and a \$50 installation fee (\$134.00) at the time of installation.

Failure of any of the above requirements will result in the Judge being advised of your non-compliance at which time the Judge may choose to revoke your bond and place you in jail until your court date.

**You must contact Smyrna Probation at 615-267-5570** the following business day after your release to schedule an appointment for installation. This appointment may take up to an hour.

I understand what the court has ordered and I will comply with the Judge's instructions. I understand that failure to do so may result in the Judge revoking my bond.
